

HIGH-PERFORMANCE MAK SOLVENT

Methyl N-Amyl Ketone CAS#110-43-0

+ Excellent Solvent Activity

High Dilution Ratio

Low Density

Low Surface Tension

Readily Biodegradable

Low Evaporation Rate

Applications

Automotive Coatings

Industrial Coatings

Herbicide

Typical Properties

Empirical Formula	C ₇ H ₁₄ O
Molecular Weight	114.19
CAS No.	110-43-0
Appearance	Colorless Transparent Liquid
Assay / Purity	≥ 99.0%
Color	≤ 10
Acidity	≤ 0.02%
Boiling Range	147-153 °C
Flash Point	39 °C
Freezing Point	-33 °C
Moisture	≤ 0.05%
Liquid Density	0.815 - 0.818 g/cm ³

Packaging

Steel Drum: 170 KG/Drum
IBC: 800 KG/Container
ISO Tank: 20 MT/Tank

Safety & Handling

Keep away from fire
Avoid direct sunlight, rain, and high temperature during transportation
Store in cool, shady, and ventilated conditions

0086-755-83622997
